

FEEL

**Everyday, everyday i feel
Everyday, everyday i feel**

**Sometimes i felt like i didn't have soul in my veins
Felt so bad, didn't give a damn was so lame
And i felt like i didn't have a place no more
Everything got so boring
I didn't even feel like getting to the telephone**

**Everyday, everyday i feel
Everyday, everyday i feel**

**Then everything got so, so confused
And i felt abused by life
But then darling now i talk to you
Everything seems to fit in right**

(Keisha)

**And then i had to let it go because
It all got to my head
Sinking deeper and deeper i tried to fly instead**

**Everyday, everyday i feel
Everyday, everyday i feel**

(Keisha)

**U know there are many different ways to
live in this here reality
So we gotta keep on trying over and over
again**

**Everyday, everyday i feel
Everyday, everyday i feel
Everyday, everyday i feel**
