They Want me to believe there is no way out  
They want me to believe the world is upside down

And i see fear spreading around  
too many eyes stare at the ground  
when they walk the street as they face defeat

They want me to believe that i'm on my own  
They want me to believe there is no danger zone

And i see tears making their way  
in peoples mind  
gotta break away from this place  
Let the tears leave no trace

and i know there's a way out of this  
it's the in way out it's the in way out  
and i hope we all find this space  
it's the in way out it's the in way out yeah

No more tears, no more fear in people's eyes  
got to realize there's a whole wide world  
it's all just a game and we were not the players  
we've been fooled this far,  
but now we know , we're tearing the veil apart
