

KEY TO YOUR SOUL

Gimme the key to your soul

The key to your soul, the key to your soul

**I'm in stand by situation, it ain't the first time you see
But each time there's a new emotion
I can't explain what you do to me**

**You make feel light as a feather, you make me feel free
You give joy with any kind of weather
Bring the sun inside of me**

Gimme the key to your soul

The key to your soul, the key to your soul

**I know you feel good when we're together
I can see it on your face
The lovely color on your cheeks my mind can't erase**

**I keep gettin' an urge to kiss you
when you're in front of me
Take this chance, do it fast
You know i'll make you feel free**

Gimme the key to your soul

The key to your soul, the key to your soul
